Any item. Any finish. Endless possibilities.

Any item. Any finish. Endless possibilities.

2019 CATALOG

Dear Bramble Customers,

Welcome to the Bramble Catalog 2019.

Thank you for your continued support and loyalty. We greatly value the partnerships we have built with each of our customers. It is our goal to continue to serve you better and we believe your feedback has been crucial to our success. We've made some major refinements to the Bramble experience that we are excited to share with you below.

Product & Color Selection

We have revised and refined our product offering to enhance your shopping experience. Our catalog now consists of the best 1000 models and 100 finish options.

The past year, we've also noticed an increased appreciation for high quality wood products that are not MDF or resin based. We are proud to serve you handcrafted solid wood products as always.

Lastly, we welcome the new Chalk collection to our color family. This new collection uses a blended method of applying color to create a uniquely Bramble look.

We have taken your desire to see more robust colors to heart. We are confident that you will be pleased with what we have to offer at our tradeshow and online.

Factory Compliance

Our private family-owned factory in Java, Indonesia is proud to announce that 100% of wood-based products entering the US are CARB 2 compliant.

Bramble Online

We have seen tremendous success with our online ordering. The strongest trend being a surge in our custom order segment which few companies are able to match.

We invite you to check back regularly and sign up for our email list at brambleco.com as we are constantly adding new features and tools for our customers.

Sincerely,

Robert Bramble

Design Process

The Bramble Company design philosophy is to create without confines—to blur the lines between sleek and elegant design and fresh and timeless style.

OUR STANDARDS OF QUALITY

Our belief has always been to build up to a standard instead of down to a price. We believe that we should go above and beyond what is expected in the industry and never sacrifice quality for profit.

MATERIALS

Our furniture is constructed using primarily solid wood mahogany, natural hardwoods, and high-grade veneers. We use only solid brass hardware beveled glass in our products.

CONSTRUCTION

Our drawers are always constructed with dovetail joints. For all of our open cabinets, we use a superior tongue-and-groove backing technique made entirely from solid wood.

ARTISTRY & CRAFTSMANSHIP

We employ nearly 2,000 master craftsmen that have a deep understanding of woodworking techniques that were passed down from generation to generation. Each Bramble piece is carved, chiseled and painted by hand.

About Steven Shell

Inspiration surrounds us—art, music, literature, architecture, design and nature—all have a unique voice, speaking to each of us in different ways. This belief sits at the heart of my philosophy of influence driven design. Whether it is the most intense blue of the sky on a crystal clear day or a mystical bird interpreted by a 1930's textile designer, my influences are limitless. I stay open to the infinite possibilities so that I may share my take on them with you.

As a London-born antique dealer, I've traded antiques in Eastern Europe, America, Great Britain and Spain. I've travelled around the world finding curios for the past 25 years, getting to know all manners of the weird and wonderful. Fortunately, my passion for furniture was allowed to develop further, and for the last 18 of those years, I've been taking my inspirations and interpreting them into furniture designs for Steven Shell Furniture.

Today, we offer one of the most customisable furniture lines on the market. We understand the desire for the unique, giving our customers the opportunity to finish each piece we offer in over 1 million ways!

Now available in 22 countries, our handcrafted furnishings are created by master artisans in Indonesia. We are one of the largest hand painted furniture manufacturer in the world; our factory covers over 7 hectares of land. The majority of our furniture is constructed mainly from Indonesian mahogany. With over 750 items going into homes each week, we believe in replenishing what we use and have a replanting program in place insuring trees are planted in excess of what we use.

We will continue to act with honesty, integrity and gratitude as we keep dreaming of new ways to push the boundaries of creativity, to be passionate in every new piece we create and to never forget how we got here.

Steven Shell grew up in the era of what is now iconic British fashion, and that influence can be seen in his furniture and accessories. Most of his influences come from his extensive travel throughout Europe and the East, as well as parts of London such as Shoreditch and Kings Road. His look is a bit edgy, "or traditional with a twist" as he likes to call it.

"I am proud to offer furniture for the free-thinking individual, someone who knows who they are and what they want in life!"

In business for close to 25 years, Steven Shell now attracts fans from more than 20 countries around the world. "Our customers love the fact that we're on the cutting edge of design, yet our styles are also neutral enough to adorn any home" says Steven.

When he's not at home with his family in Mount Pleasant, South Carolina, Steven is jet-setting the world finding inspiration. Steven's inspiration is derived from his travels, music, art, fashion and architecture.

Terms & Conditions

General Order Information

MINIMUM ORDER

We have a \$1000 minimum for all opening orders and reorders for factory custom orders. However, we do not have any minimum order quantities.

VOLUME DISCOUNTS

5% off all orders above \$2000

10% off all orders above \$3500

15% off all orders above \$5000

20% off all orders above \$10,000

We have further discounts for our container customers.

CONTAINER PROGRAM

We have a 40% discount on US wholesale list prices for all containers orders. There are no minimum order quantities for containers. Please call customer service for freight rates.

A non-refundable \$2500 deposit is required for first-time container customers.

MAP

We take our MAP policy very seriously as we believe in safeguarding our retailers' opportunity to profit without being undermined by fierce competition. MAP prices are listed in the price lists and will be enforced.

PAYMENT POLICY

For first-time, less-than-container customers, we require a 25% non-refundable deposit before the order is processed. If an order is cancelled, the deposit will be used as a restocking fee.

We require full payment for orders of in-stock items in our US warehouses before they are shipped.

Prices are subject to change without notice.

PAYMENT METHODS

Payment can be made by VISA, MasterCard, American Express, and Discover credit or debit cards.

We also accept payment by check and money order.

ALL PAST DUE ACCOUNTS

Accounts 30 days overdue will lose their terms and are subject to formal collection procedures. They will also be subject to a 2% interest charge per month.

Delivery

DELIVERY TIME

Our delivery time for custom orders is 18-20 weeks. All items are handcrafted and finished by hand and only made when we receive an order for those items. We will always try our best to ship complete orders at once.

We do not ship to residences, only commercial addresses.

DELIVERY RATES

Freight rates for less-than-container orders are calculated from the wholesale price before discount and varies depending on your location. You can view a list of freight percentages for each state below or you can call our main office.

All payment for freight charges using common carrier are required in advance to delivery.

USA STOCK/INDONESIA STOCK

Please visit our website for a list of current inventory we have in the US and in our factory. In-stock items in the US will be delivered within two weeks. Factory inventory will be shipped via ocean freight and will be delivered within 8-10 weeks.

Returns

FREIGHT DAMAGE

Customers are responsible for shipment inspection immediately upon arrival. If packaging appears to be damaged, please inspect the contents before signing. Please contact our customer service as soon as possible and keep the original packaging. We will file the freight claim if we are notified within 7 days of delivery.

DEFECTIVE ITEMS

Please call customer service within 7 days of receipt if you believe you have received a defective item. Please send us images of the defects. Once approved, we will adjust your account or replace any defective items. Freight is non refundable.

Please note that our furniture is made from solid wood and some movement is to be expected. There may also be very slight size/color variations from batch to batch because our products are handcrafted, and painted and finished by hand. Lastly, our linen fabric is also handmade and imperfections are to be expected.

RETURNS & REFUSED ORDERS

Please call customer service to cancel an order. Unauthorized returns and refused shipments will be subject to a 15% restocking fee plus the cost of freight both ways.

SAFETY CONSIDERATIONS

Our furniture is decorative furniture and not intended for commercial or heavy use. Stands and/or plant stands are in no way intended for use as step ladders. 2-piece units that include brackets for fixing the top piece to the bottom must be used to ensure full safety and function of the furniture.

Please read through the above terms and conditions of sale as placing an order is assumed as agreement to these terms.
